

Rolling Reporting - September 2023. Samples were collected in Great Britain

Beans with Pods

- sample 0698/2023 Guar beans contained a residue of thiophanate-methyl at 0.3 mg/kg (MRL = 0.1 mg/kg). An effect on health is not expected

Grapes

- an effect on health is not expected

Potatoes

- an effect on health is not expected

More detailed information about these residues can be found in the quarterly reports published on gov.uk <https://www.gov.uk/government/collections/pesticide-residues-in-food-results-of-monitoring-programme#quarterly-reports>

NOTE: * Indicates MRL is set to the Limit Of Detection.

Please note that RL in this data refers to the Reporting Limit or lowest level at which a residue will be reported by a laboratory for that particular survey
